

FUND TO AID MILK PRODUCTION RAISED

Chamber of Commerce Gives Life to Cow Testing Association in Tulsa County.

DAIRYMEN ARE INDIFFERENT

Star Boarder Must be Cut From Herd to Overcome Shortage Say Directors.

Milk shortage in Tulsa can only be prevented by the development of a live cow testing association. That was the consensus of the discussion of the milk situation at the meeting of the directors of the chamber of commerce at noon yesterday.

"Oklahoma's only cow testing association, that of Tulsa county, is dying because of lack of interest on the part of the dairymen of the county," said J. S. Malone, who brought the matter to the attention of the meeting. Although the work of the association is entirely for the benefit of the cow owners, the boarders of the move that has been enthusiastically received in other states find it very difficult to obtain the co-operation of local milk men, according to the speaker.

In order that the association which is entirely without funds would not have to cease activities, the directors of the chamber of commerce on the motion of Cyrus Avery, agreed to advance to the association the sum of \$225, which would pay the salary of the cow tester for a period of three months. At the end of that time it is believed that enough cows could be tested at the rate of \$2 per head to make the perpetuation of the association possible.

According to John Porter of the Tulsa Ice Cream company, who also spoke on the subject, a cow testing association was an imperative necessity in order to prevent disorder in the local milk situation. Production of milk must be increased if the demands of the people are to be met. Only by ridding every herd of cows of its "star boarders" can that be accomplished, he said. "Star boarders," he explained, refers to the cows that eat their heads off and do not produce the milk. What cows to cut from the herd can only be determined by talking advantage of the service offered by the cow testing association.

"The association now employs one man who makes the rounds from house to house testing the cows and educating the owners to the necessity of the work. Dairymen are very indifferent to the value they receive and must be educated to it."

R. M. McFarlin said that he had to send to Texas to get his family. "It is up to us to see that the city at large is able to get their supply. If necessary I would go into a corporation to buy a hundred or more cows to put into the association in order to remedy the situation," he said.

Letters, urging the importance of the work, will be sent to every cow owner in the county by the chamber of commerce through its secretary Clarence B. Douglas.

CATTLE SUPPLY IS ABOUT SAME

World Has Practically Same Number as at Outbreak of War.

WASHINGTON, Oct. 10.—The world's supply of cattle, sheep and swine is approximately what it was at the outbreak of the European war, according to a report today by the department of agriculture. Losses in western Europe have been balanced by gains in other countries.

THIRTY-SIXTH IS IN REUNION

Oklahoma and Texas National Guard Troops Meet at Texas Fair.

DALLAS, Texas, Oct. 10.—Members of the 36th division, formerly national guard troops of Texas and Oklahoma, held their first reunion today at the Texas state fair here. Texas units of the American legion also opened a two-day state convention.

Tulsans Go to New Orleans.

L. E. Cone and C. E. Stoville left yesterday for New Orleans where they will represent the chamber of commerce at the cotton convention. Copies of the Tulsa Spirit and other local exhibits will be taken with them.

BLACK-DRAUGHT CLEANS THE LIVER

Enthusiastic Texans Tells of Bad Fix He Was In and How He Got Out by Using Black-Draught Liver Medicine.

HOLLAND, Tex.—Mr. J. N. Moser who lives a short distance from here out in the country, says: "Black-Draught is without doubt the best liver medicine made. I do not hesitate to say it with all I do is recommended to do and more."

I am strong and healthy, but we all need a little active medicine once in a while, and Black-Draught is good enough for me. It does the work well and cleans the liver, ridding away bile, the easiest of any purgative I have ever seen."

Once, some years ago, I had slow fever and my stomach was in a bad fix, and Black-Draught gave me relief and helped me a wonderful sight. It cured me of indigestion, and the bad feeling after eating. I keep it for my family, they use it and have for years, and too it saves doctor bills and is not expensive."

A stitch in time saves nine, and most sickness is caused by a bad liver. A few doses of Black-Draught fixes that, and I don't see why people don't use it, and they would see as I have, what a help it would be."

Ask your druggist for Theodor's Black-Draught.—Advt.

"SWAT SCRUB BULL" SLOGAN FOR 1920

Tulsa County Shorthorn Breeders' Association Start Movement for Registered Cattle.

"Swat the scrub bull," is to be the 1920 slogan of the Tulsa County Shorthorn Breeders' association, according to John T. Kramer, the president.

The association has approximately 50 members, all of whom are raising pure bred registered cattle. As the first step toward driving the scrub sire from the county the association will on next Tuesday afternoon at the Tulsa County Free fairgrounds dispose of about 50 head of cattle.

"All of these animals will be fine foundation stock," said Mr. Kramer, "and within reach of any farmer. Every animal will also be subject to registration."

Some well known Shorthorn men are to come and help make the sale a success, notably A. B. Jackson of

BOY "YEGG" CAUGHT BY TULSA POLICEMAN

Carl Davis, 16 Years Old, Caught in Attempt to Raffle Sale of New England Cafeteria.

"To get even with the boss because he was not paying him enough," was the motive given by Carl Davis, a 16 year old boy, who attempted to raffle the sale of the New England Cafeteria, 327 South Cincinnati, late last night.

He was sent from the window of the La Mode hotel and was captured by the police before having carried out his plans. A pocket full of money which he was thought to have replaced before the police entered.

DEMOCRATS WILL SEND SPELLBINDERS TO STATE

WASHINGTON, Oct. 10.—The democrats will make a desperate effort to retain the seat in the Fifth Oklahoma district. It became known today and already plans are being made to send democratic spellbinders into the district as soon as the primary is over.

Chairman Homer Cummings of the democratic national committee will

arrive in Oklahoma City about November 1 to look over the situation. Representative Thomas J. Heflin of Alabama, considered the best speaker among the democrats in the house, is turning his arrival to come immediately after the primary and will remain in the district until election day. Other speakers may also be sent.

King of Spain Will Travel to Mexico and Will Also Visit London.

MADRID, Oct. 10.—It was announced in political circles today that King Alfonso would leave for Paris and London October 18 or 19. The king will travel under the name of Duke of Toledo and will not be accompanied either by Queen Victoria or any of his ministers. It is stated, however, that the king may drop his itinerary on the occasion of some official ceremony.

Douglas Has Propositions.

Any investors interested in the tractor business are requested to consult with C. B. Douglas, secretary of the chamber of commerce, who has propositions from eastern firms relative to the location of a tractor plant here.
